Utrecht

Utrecht is a beautiful, happy and artistic city. The Medieval Dom Tower is the largest church tower in the Netherlands and the reigning symbol of Utrecht. The center of this fortified city is enclosed by beautiful canals and wharfs that together with many stately buildings and numerous car free squares embody the European cafe and restaurant terrace culture. Utrecht has a vibrant nightlife and one of the largest indoor malls of the Netherlands. The center is closely connected to the Utrecht Central Train Station, making the city easily connectable to Schiphol Airport, Amsterdam, and the rest of Europe. Around Utrecht you can find golf courses, spa facilities, biking routes, and peaceful woodlands.
