

FA Europe Webinar

*Toward improved management
of head and neck cancer in Fanconi Anemia patients*

April 9th, 2021

Are you an otolaryngologist, oral or maxillofacial surgeon, physician or researcher, who is interested in supporting our European community of people living with the rare genetic condition, Fanconi Anemia?

Or are you interested to learn more about head and neck cancer in FA patients?

If so, please join our FA Europe Webinar: Toward improved management of head and neck cancer in Fanconi Anemia patients on

**Friday, April 9th, 2021,
14:00 – 17:00 CET**

To attend the meeting, **please register.**

[REGISTER HERE](#)

Meeting Chair: Prof Ruud Brakenhoff, Co-chair: Prof Remco de Bree.

The aim of this meeting is to set the stage for optimal treatment of head and neck cancer and precancer in FA patients in the context of international guidelines for head and neck cancer management, and last but not least to develop a roadmap for improved care in the future. The meeting will be held in English.

A representative from each Patient Support Group is welcome to attend but the primary audience for this meeting are healthcare providers, and researchers.

FA Europe is an umbrella organisation connecting patient support groups, clinicians, scientists and FA patient representatives from across Europe, whose collective voice, reach and influence should be greater than that of the individual organisations.

**If you know a colleague who may be interested to attend the webinar, then please forward the following link: <https://faeuropewebinar2021.prinsesmaximacentrum-events.nl/>
We are looking forward to see you in April!**
